

I am a financial supporter of K-LOVE radio station. It serves me in my local community in San Antonio, Texas and also when I travel to other cities in the United States. There are few, if any, Christian radio stations in most cities. Communities that have K-LOVE would suffer a great disservice if this programming were not available. Please do not allow it to be displaced by an LPFM broadcaster providing other programming - this would be tragic. The service provided by K-LOVE is in the public's best interest because of the programming it provides - Christian, wholesome, music and news that would not be available elsewhere if K-Love were taken off the air. Please, please, please do not allow any other broadcaster to displace our beloved Christian programming service. K-LOVE is essential to the lives of millions of Christians throughout the communities it serves.
